[Approved by Governor September 16, 2017. Filed with
Secretary of State September 16, 2017.]

LEGISLATIVE COUNSEL'S DIGEST

AB 133, Committee on Budget. Cannabis Regulation.

The Control, Regulate and Tax Adult Use of Marijuana Act of 2016 (AUMA), an initiative measure approved as Proposition 64 at the November 8, 2016, statewide general election, authorizes a person who obtains a state license under AUMA to engage in commercial adult-use cannabis activity pursuant to that license and applicable local ordinances. The Medicinal and Adult-Use Cannabis Regulation and Safety Act (MAUCRSA), among other things, consolidates the licensure and regulation of commercial medicinal and adult-use cannabis activities. MAUCRSA generally divides responsibility for the state licensure and regulation of commercial cannabis activity among the Department of Consumer Affairs, the Department of Food and Agriculture, and the State Department of Public Health and requires those state licensing authorities to begin issuing licenses by January 1, 2018. AUMA authorizes the Legislature to amend its provisions with a $\frac{2}{3}$ vote of both houses to further its purposes and intent.

MAUCRSA imposes various requirements on the delivery of cannabis and cannabis products, including requiring during delivery a licensee to maintain a physical copy of the delivery request, as specified, and to make it available upon request of the licensing authority and law enforcement officers. MAUCRSA defines delivery for these purposes to mean the commercial transfer of cannabis or cannabis products to a customer and to include the use by a retailer of any technology platform owned and controlled by the retailer.

This bill would revise the requirement that a licensee maintain a copy of the delivery request during delivery so that the request is not required to be physical. The bill would redefine delivery to include the use by a retailer of any technology platform regardless of whether the technology platform is owned and controlled by the retailer.

MAUCRSA requires the driver of a vehicle transporting cannabis or cannabis products to be directly employed by a licensee authorized to transport cannabis or cannabis products.

This bill instead would require the driver of a vehicle transporting or transferring cannabis or cannabis products to be directly employed by a licensee authorized to transport or transfer cannabis or cannabis products.

MAUCRSA authorizes a person to apply for and be issued more than one license provided the licensed premises are separate and distinct.

This bill would remove the condition that the licensed premises be separate and distinct.

MAUCRSA prohibits licensing authorities from approving an application for a state license if approval will violate the provisions of a local ordinance or regulation regulating licensees. MAUCRSA authorizes an applicant to voluntarily provide proof of a license, permit, or other authorization from the local jurisdiction verifying the applicant is in compliance with the local jurisdiction. MAUCRSA requires the licensing authority to notify the local jurisdiction of an applicant, as specified, and to make certain determinations with regard to the application based on the response of the local jurisdiction.

This bill would require the licensing authority to presume that an applicant that voluntarily submits a valid, unexpired license, permit, or other authorization from the local jurisdiction is in compliance with all local ordinances unless the licensing authority is notified otherwise by the local jurisdiction. The bill would require the licensing authority to notify the local jurisdiction of the submission, as specified. The bill would make the requirements on the licensing authority with regard to notifying local jurisdictions and making specified application determinations contingent upon an applicant not providing adequate proof of compliance with local law.

MAUCRSA requires an application for a cultivation license submitted before January 1, 2019, to identify a source of water supply. MAUCRSA requires, if the water supply includes a diversion and the application is submitted before January 1, 2019, the application to identify the point of diversion and the maximum amount to be diverted by including a copy of one of a list of specified documents, some of which must be filed with the State Water Resources Control Board before July 1, 2017.

This bill instead would require that a specified statement of water diversion and use, a pending application for a permit to appropriate water, and documentation demonstrating that the diversion is authorized under a riparian right and that no diversion occurred during a specified time period, be submitted to the State Water Resources Control Board on or before October 31, 2017, and that documentation demonstrating that the diversion is subject to certain exceptions to a specified filing requirement be submitted to the State Water Resources Control Board on or before January 1, 2019.

MAUCRSA requires that a licensed medicinal cannabis manufacturer only manufacture cannabis products for sale by a medicinal cannabis retailer.

This bill would repeal those provisions.

MAUCRSA prohibits an adult-use cannabis licensee from allowing any person under 21 years of age on its premises.

This bill would make an exception to this prohibition if the licensee holds a medicinal license and the licensed premises for the adult-use cannabis license and the medicinal license are the same.

MAUCRSA authorizes a medicinal cannabis licensee to allow on its premises any person 18 years of age or older who possesses a valid government-issued identification card and either a valid physician's recommendation or a valid county-issued identification card for medicinal cannabis.

This bill would additionally authorize a medicinal cannabis licensee to allow a person 21 years of age or older on its premises if the licensee holds an adult-use license and the licensed premises for the medicinal cannabis license and the adult-use license are the same. The bill would additionally authorize a medicinal cannabis licensee to allow on its premises a specified person possessing a recommendation for a person for whom he or she is a primary caregiver. The bill would authorize a medicinal cannabis licensee to sell cannabis, cannabis products, and cannabis accessories to a specified person who possesses a valid recommendation for a person for whom he or she is a primary caregiver. The bill would authorize the bureau to establish requirements for the purchase of cannabis, cannabis products, or cannabis accessories by a primary caregiver to ensure that the status of a person as a primary caregiver is verified.

MAUCRSA authorizes 3 or more natural persons, who are engaged in the cultivation of a cannabis product, to form an association for the purpose of engaging in any activity in connection with a list of specified cannabis-related activities. MAUCRSA authorizes an association to enter into all necessary and proper contracts and agreements and to make all necessary and proper stipulations and arrangements with another cannabis cooperative or association that is formed in this or in any other state for the cannabis cooperative and more economical carrying on of its business or any part of its business.

This bill would remove the authorization to enter into contracts and agreements and make stipulations and arrangements with another cannabis cooperative or association that is formed in another state.

MAUCRSA establishes in state government a Cannabis Control Appeals Panel to review specified decisions of licensing authorities appealed by any person aggrieved by those decisions. MAUCRSA requires that the panel consist of two members appointed by the Legislature and three members appointed by the Governor, as specified. MAUCRSA authorizes the Governor to remove a member of the panel from office and authorizes the Legislature to remove a member from office for specified reasons. MAUCRSA establishes the Cannabis Control Fund. Under existing law, licensing fees received by the state licensing authorities under MAUCRSA are deposited into the Cannabis Control Fund and fine and penalty moneys collected under MAUCRSA generally deposited into the Cannabis Fines and Penalties Account within the fund.

This bill would specify the Governor may only remove from office a member of the panel appointed by the Governor. The bill would require specified annual salaries to be paid to the chairperson and members of the panel. This bill would appropriate \$250,000 from the Cannabis Control Fund to the Cannabis Control Appeals Panel to be used for costs associated with additional panel members provided by MAUCRSA.

Existing law requires the unlawful possession of not more than 4 grams of concentrated cannabis be punished, as specified.

This bill would instead require the unlawful possession of not more than 8 grams of concentrated cannabis be punished, as specified.

Existing law imposes a cultivation tax on all harvested cannabis that enters the commercial market upon all cultivators. Existing law requires the tax to be due after the cannabis is harvested and enters the commercial market. Existing law defines the phrase enters the commercial market, for these purposes, as cannabis or cannabis product that has completed and complies with all quality assurance, inspection, and testing.

This bill would redefine the phrase enters the commercial market as cannabis or cannabis product, except for immature cannabis plants and seeds, that completes and complies with a quality assurance review and testing.

Existing law requires a cannabis retailer to provide a purchaser with an invoice, receipt, or other document that displays the cannabis excise tax separately from the price, as specified, and includes a specified statement regarding the inclusion of the cultivation and excise taxes in the total amount of the invoice.

This bill would remove the requirement that the document display the cannabis excise tax separately from the price and would remove from the specified statement on the invoice that the cannabis cultivation tax is included in the total amount of the invoice. The bill would authorize the California Department of Tax and Fee Administration to prescribe other means to display the cannabis excise tax on an invoice, receipt, or other document from a cannabis retailer given to the purchaser.

MAUCRSA requires the Department of Food and Agriculture, in consultation with the Bureau of Cannabis Control, to establish a track and trace program for reporting the movement of cannabis and cannabis products throughout the distribution chain that utilizes a unique identifier to be issued for each cannabis plant. Existing law requires all cultivation tax applicable to a unique identifier to be paid upon the first sale or transfer of unprocessed cannabis by a cultivator to a manufacturer, except as provided.

This bill would remove the requirement that all cultivation tax applicable to a unique identifier be paid upon the first sale or transfer of unprocessed cannabis by a cultivator to a manufacturer, as specified.

Existing law requires that a person required to be licensed who fails to pay the taxes imposed on cannabis be subject to a penalty of at least one-half the amount of the taxes not paid.

This bill would authorize relieving a person of this penalty if the California Department of Tax and Fee Administration finds that the person's failure

to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect.

This bill would declare that its provisions further specified purposes and intent of the AUMA.

This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

Appropriation: yes.

(e) An applicant may voluntarily provide proof of a license, permit, or other authorization from the local jurisdiction verifying that the applicant is in compliance with the local jurisdiction. An applicant that voluntarily submits a valid, unexpired license, permit, or other authorization from the local jurisdiction shall be presumed to be in compliance with all local ordinances unless the licensing authority is notified otherwise by the local jurisdiction. The licensing authority shall notify the contact person for the local jurisdiction of any applicant that voluntarily submits a valid, unexpired license, permit, or other authorization from the local jurisdiction.

(f) (1) A local jurisdiction shall provide to the bureau a copy of any ordinance or regulation related to commercial cannabis activity and the name and contact information for the person who will serve as the contact for state licensing authorities regarding commercial cannabis activity within the jurisdiction. If a local jurisdiction does not provide a contact person, the bureau shall assume that the clerk of the legislative body of the local jurisdiction is the contact person.

(2) Whenever there is a change in a local ordinance or regulation adopted pursuant to Section 26200 or a change in the contact person for the jurisdiction, the local jurisdiction shall provide that information to the bureau.

(3) The bureau shall share the information required by this subdivision with the other licensing authorities.

(g) (1) The licensing authority shall deny an application for a license under this division for a commercial cannabis activity that the local

jurisdiction has notified the bureau is prohibited in accordance with subdivision (f). The licensing authority shall notify the contact person for the local jurisdiction of each application denied due to the local jurisdictions indication that the commercial cannabis activity for which a license is sought is prohibited by a local ordinance or regulation.

(2) Prior to issuing a state license under this division for any commercial cannabis activity, if an applicant has not provided adequate proof of compliance with local laws pursuant to subdivision (e):

(A) The licensing authority shall notify the contact person for the local jurisdiction of the receipt of an application for commercial cannabis activity within their jurisdiction.

(B) A local jurisdiction may notify the licensing authority that the applicant is not in compliance with a local ordinance or regulation. In this instance, the licensing authority shall deny the application.

(C) A local jurisdiction may notify the licensing authority that the applicant is in compliance with all applicable local ordinances and regulations. In this instance, the licensing authority may proceed with the licensing process.

(D) If the local jurisdiction does not provide notification of compliance or noncompliance with applicable local ordinances or regulations, or otherwise does not provide notification indicating that the completion of the local permitting process is still pending, within 60 business days of receiving the inquiry from a licensing authority submitted pursuant to subparagraph (A), the licensing authority shall make a rebuttable presumption that the applicant is in compliance with all local ordinances and regulations adopted in accordance with Section 26200, except as provided in subparagraphs (E) and (F).

(E) At any time after expiration of the 60-business-day period set forth in subparagraph (D), the local jurisdiction may provide written notification to the licensing authority that the applicant or licensee is not in compliance with a local ordinance or regulation adopted in accordance with Section 26200. Upon receiving this notification, the licensing authority shall not presume that the applicant or licensee has complied with all local ordinances and regulations adopted in accordance with Section 26200, and may commence disciplinary action in accordance with Chapter 3 (commencing with Section 26030). If the licensing authority does not take action against the licensee before the time of the renewal of the license, the license shall not be renewed until and unless the local jurisdiction notifies the licensing authority that the licensee is once again in compliance with local ordinances.

(F) A presumption by a licensing authority pursuant to this paragraph that an applicant has complied with all local ordinances and regulations adopted in accordance with Section 26200 shall not prevent, impair, or preempt the local government from enforcing all applicable local ordinances or regulations against the applicant, nor shall the presumption confer any right, vested or otherwise, upon the applicant to commence or continue operating in any local jurisdiction except in accordance with all local ordinances or regulations.

(3) For purposes of this section, “notification” includes written notification or access by a licensing authority to a local jurisdiction’s registry, database, or other platform designated by a local jurisdiction, containing information specified by the licensing authority, on applicants to determine local compliance.

(h) Without limiting any other statutory exemption or categorical exemption, Division 13 (commencing with Section 21000) of the Public Resources Code does not apply to the adoption of an ordinance, rule, or regulation by a local jurisdiction that requires discretionary review and approval of permits, licenses, or other authorizations to engage in commercial cannabis activity. To qualify for this exemption, the discretionary review in any such law, ordinance, rule, or regulation shall include any applicable environmental review pursuant to Division 13 (commencing with Section 21000) of the Public Resources Code. This subdivision shall become inoperative on July 1, 2019.

(i) A local or state public agency may charge and collect a fee from a person proposing a project pursuant to subdivision (a) of Section 21089 of the Public Resources Code.

(iii) Documentation submitted to the State Water Resources Control Board demonstrating that the diversion is subject to subdivision (a), (c), (d), or (e) of Section 5101 of the Water Code.

(iv) Documentation submitted to the State Water Resources Control Board demonstrating that the diversion is authorized under a riparian right and that no diversion occurred after January 1, 2010, and in the calendar year in which the application is submitted. The documentation shall be submitted on or accompany a form provided by the State Water Resources Control Board and shall include all of the information outlined in subdivisions (a) to (d), inclusive, and (e) of Section 5103 of the Water Code. The documentation shall also include a general description of the area in which the water will be used in accordance with subdivision (g) of Section 5103 of the Water Code and the year in which the diversion is planned to commence.

(3) If water will be supplied from a groundwater extraction not subject to paragraph (2), the application shall identify the location of the extraction and the maximum amount to be diverted for cannabis cultivation in any year.

(b) The Department of Food and Agriculture shall include in any license for cultivation all of the following:

A cultivator's liability for the tax is not extinguished until the tax has been paid to this state except that an invoice, receipt, or other document from a distributor or manufacturer given to the cultivator pursuant to paragraph (3) is sufficient to relieve the cultivator from further liability for the tax to which the invoice, receipt, or other document refers. Cannabis shall not be sold unless the tax has been paid as provided in this part.

(1) A distributor shall collect the cultivation tax from a cultivator on all harvested cannabis that enters the commercial market. This paragraph shall not apply where a cultivator is not required to send, and does not send, the harvested cannabis to a distributor.

(2) (A) A manufacturer shall collect the cultivation tax from a cultivator on the first sale or transfer of unprocessed cannabis by a cultivator to a manufacturer. The manufacturer shall remit the cultivation tax collected on the cannabis product sold or transferred to a distributor for quality assurance, inspection, and testing, as described in Section 26110 of the Business and Professions Code. This paragraph shall not apply where a distributor collects the cultivation tax from a cultivator pursuant to paragraph (1).

(B) Notwithstanding subparagraph (A), the department may prescribe a substitute method and manner for collection and remittance of the cultivation tax under this paragraph, including a method and manner for collection of the cultivation tax by a distributor.

necessary by the department. The department may authorize other forms of documentation under this paragraph.

(4) The department may adopt regulations prescribing procedures for the refund of cultivation tax collected on cannabis or cannabis product that fails quality assurance, inspection, and testing as described in Section 26110 of the Business and Professions Code.

(i) All cannabis removed from a cultivator's premises, except for plant waste, shall be presumed to be sold and thereby taxable under this section.

(j) The tax imposed by this section shall be imposed on all cannabis cultivated in the state pursuant to rules and regulations promulgated by the department, but shall not apply to cannabis cultivated for personal use under Section 11362.1 of the Health and Safety Code or cultivated by a qualified patient or primary caregiver in accordance with the Compassionate Use Act of 1996 (Section 11362.5 of the Health and Safety Code).

(k) Beginning January 1, 2020, the rates set forth in subdivisions (a), (b), and (c) shall be adjusted by the department annually thereafter for inflation.

(b) A distributor or manufacturer that has collected any amount of tax in excess of the amount of tax imposed by this part and actually due from a cultivator or cannabis retailer, may refund such amount to the cultivator or cannabis retailer, even though such tax amount has already been paid over to the department and no corresponding credit or refund has yet been secured. The distributor or manufacturer may claim credit for that overpayment against the amount of tax imposed by this part that is due upon any other quarterly return, providing that credit is claimed in a return dated no later than three years from the date of overpayment.

(c) Any tax collected from a cultivator or cannabis retailer that has not been remitted to the department shall be deemed a debt owed to the State of California by the person required to collect and remit the tax.

(b) Except as provided in subdivision (c), any person seeking to be relieved of the penalty shall file with the department a statement, under penalty of perjury, setting forth the facts upon which he or she bases his or her claim for relief.
